If [@TomRtweets](#) is correct that Darroch leaked US intelligence, and my doubts about this have subsided, the obvious suspect to have coordinated the leaks with these Russian assets is Darroch himself, as an excuse to leave Washington before news broke.

A 19 year old working for [@brexitparty_uk](#) is not a journalist. In any way. He is a politician who appears to be conspiring with Sir Kim Darroch to give the former an excuse for leaking Five Eyes classified intelligence. Neither Darroch nor [@Nigel_Farage](#) should get away with it.

So [@Arron_banks](#) [@Nigel_Farage](#) give cover for Sir Kim Darroch to “leak” on himself, then when [@FBI](#) come after him for betraying the Five Eyes intelligence alliance he calls it “Trump’s revenge”. The hell it is, Darroch. You are a traitor. Criticizing Trump doesn’t excuse treason.

I’m not guessing. You are a petty criminal, Darroch. You betrayed your oath, you betrayed [@UkinUSA](#), you betrayed Her Majesty, you betrayed the Special Relationship and OF COURSE it’s the Russian assets of [@brexitparty_uk](#) who give you cover.

[@FBI](#) sees you. [@GCHQ](#) sees you. Traitor

When I said “if” at the top of this thread I was being mealy-mouthed. Tom Rogan’s article, one I doubted, is correct. Kim Darroch did leak highly classified US intelligence to a journalist. And now Russia gives him cover for that via [@brexitparty_uk](#).
