Guess who owns the Daily Telegraph in Sydney, which now has to pay Geoffrey Rush \$850k for defamation? That's right. Rupert Murdoch. Another shining example of Murdoch's corporate culture of [#UnethicalJournalism](#).

Another example of Murdoch's corporate culture of [#UnethicalJournalism](#): the UK phone hacking scandal. AKA THEY WERE SPYING ON PEOPLE.

British phone-hacking scandal was a low point for Rupert Murdoch

For the last time-Murdoch isn't in the journalism business. He's in the PR & propaganda publishing business. Murdoch-owned NY Post pushed victim shaming of Jeff Epstein's child victims. Who wrote it? [@maggieNYT](#) aka [#MaggieDuranty's](#) husband-[@darehgregorian](#).

In a superseding indictment this morning, there are some interesting details about Manafort's secretive lobbying work. Like his planting of stories to accuse an Obama official of being anti-Semitic.

37. In addition to the law firm report, MANAFORT took other steps on behalf of the Government of Ukraine to tarnish Tymoshenko in the United States. In addition to disseminating stories about her soliciting murder, noted above, in October 2012, MANAFORT orchestrated a scheme to have, as he wrote in a contemporaneous communication, "[O]bama jews" put pressure on the Administration to disavow Tymoshenko and support Yanukovych. MANAFORT sought to undermine United States support for Tymoshenko by spreading stories in the United States that a senior Cabinet official (who had been a prominent critic of Yanukovych's treatment of Tymoshenko) was supporting anti-Semitism because the official supported Tymoshenko, who in turn had formed a political alliance with a Ukraine party that espoused anti-Semitic views. MANAFORT coordinated privately with a senior Israeli government official to issue a written statement publicizing this story. MANAFORT then, with secret advance knowledge of that Israeli statement, worked to disseminate this story in the United States, writing to Person D1 "I have someone pushing it on the NY Post. Bada bing bada boom." MANAFORT sought to have the Administration understand that "the Jewish community will take this out on Obama on election
