1 Two days after the Nov 6 election wipeout, Fox News stopped tweeting & Murdoch paid Mitch a visit. There are a number of topics they could have discussed, but saving Trump's ass isn't one of them. They know Trump is in free fall, wrecking the GOP & not a viable 2020 candidate.

2 In an act of self-flagellation, I decided to watch 10 minutes of Fox News / day to see if they are altering their coverage. If you haven't watched Fox, it's a trip- absolutely insane. They do seem less deferential to Trump. Ex- Judge Nap, Border, Sanctuary Cities & even Carlson

3 We have to view all four : Trump, Putin, Fox News & Corrupt Congress as one giant infectious organism that works to hypnotize Trump's robotically controlled base. Barr's mission is to ease Trump's extraction, give the GOP a soft landing & keep Pelosi from becoming POTUS.

4 Reality- Trump must resign or be removed for crimes & dementia. Dems should expect Barr to be a total prick to them while he's "landing that plane". Barr has to present terrible options to Trump's side. Simultaneously hammering the Dems boosts his GOP cred in a post Trump world

5 MSM focuses 24/7 on Trump, but he's a figurehead now & won't finish his term. We all should be thinking about Presidential succession. Putin fears a post Trump world w/ retribution. Watch Putin's moves- 2 more key people just got whacked. Post Trump, his GOP/Fox axis is at risk
